Description

We all know that everyone has a unique way of looking at life but did you know that God has designed each one of us to look at and encounter life primarily through one of the seven spiritual or redemptive gifts, described in Romans 12? God intended for you to find rich fulfillment in life when you are walking in the righteous expression of your redemptive gift. An integral part of your birthright as a child of God is to be able to recognize, understand, and develop that gift.

This is a half-day workshop that integrates teachings from [Bill Gothard](#) and [Arthur Burk](#) and will help participants learn the characteristics of each of the gifts and how to identify their own dominant gift.

Special VIP price will be available for attendees of the Identity and Destiny Conference!
